Welcome to Virtue Inspection

Virtue Inspection Services Put. Ltd provides robust inspection, testing, and certification to safeguard quality, ensure compliance, and mitigate risk across global supply chains. True to our name, we are founded on integrity and technical excellence. Our team is comprised of industry veterans and certified experts with a proven track record in managing a diverse range of commodities and complex cargo. We positioned ourselves as a reliable partner for organizations requiring thorough quality assurance and regulatory compliance across their operations. We deliver objective, precise, and actionable insights, giving our clients the confidence to make critical business decisions.

Comprehensive Inspection Solutions – End-to-end inspection, testing, and certification across borders.

Expert Professionals – Experienced professionals with proven multi-commodity expertise.

Objective, Actionable Insights – Precise data and unbiased assessments for confident decisions.

OUR MISSION

Virtue delivers trusted, transparent, and technically superior inspection, testing, and certification services, upholding the highest standards of quality, integrity, and compliance. We partner with clients to achieve operational excellence, exceed regulatory requirements, and build lasting relationships founded on trust, expertise, and professionalism. Through rigorous quality assurance and continuous improvement, we enable confident operations in today's global market.

OUR VISION

Virtue strives to be a globally respected leader in inspection, testing, and certification, recognized for impartiality, professionalism, and ethical conduct. We aim to be the preferred choice for technically advanced, reliable, and independent services across diverse commodities and industries. Our vision is to continually enhance client value through strategic innovation, specialized expertise, and service excellence, setting benchmarks for quality and integrity in the global marketplace.

CORE VALUES:

Integrity

Acting with honesty, transparency, and strong ethical principles in every engagement.

Excellence

Delivering the highest standards in inspection, testing, and certification services.

Innovation

Continuously improving through advanced methods, technology, and Innovation.

Partnership

Building long-term, collaborative relationships that add value for our clients.

Compliance & Impartiality

Ensuring adherence to regulations while providing unbiased, conflict-free assessments.

Independent Validation

Offering trusted third-party solutions that safeguard quality and confidence.

We aim to set industry benchmarks for professional integrity while maintaining our position at the forefront of technological advancement and regulatory compliance expertise.

CORE STRENGTHS:

- Comprehensive service portfolio spanning inspection, testing, and commodity certification
- Multi-industry expertise with broad commodity coverage
- Experienced technical professionals with proven track records
- Commitment to Quality and Compliance
- Motivated, extensively trained workforce
- End-to-End Solutions Approach

INDUSTRY EXPERTISE

Agricultural Commodities

Wide range of inspection and testing for paddy, rice, maize, wheat, pulses, lentils, RCN (Raw Cashew Nuts), DOC (de-oiled cake) and DOB (de-oiled bran) etc.

Edible Oils

Detailed analysis and certification to verify purity, safety, and adherence to global regulatory standards.

Sugar

Providing TIC specialized services to sugar mills, refineries, and processing units engaged in the production and export/import of refined sugar and raw sugar.

Supply Chain Management

Reliable inspection and certification at every stage of the global supply chain to safeguard quantity, quality & reduce risk.

Comprehensive Inspection Solutions:

Virtue Inspection Services delivers specialized expertise across the complete agricultural commodity supply chain, from pre-production assessment through final export verification. Our core competencies encompass quality determination, quantity assessment, and regulatory compliance services, supported by advanced laboratory testing capabilities and a robust ISO 9001:2015 certified Quality Management System.

Our technical expertise spans critical inspection activities including:

- Pre-production inspection
- Pre-shipment inspection
- Warehouse inspection
- Sampling and Spot Analysis
- Packing inspections
- Control of cargo movement
- Weighment Witness
- Plant's inward and outward supervision
- Container assessments
- Hose test and Hold inspections.
- Supervision of bulk, bagged and containerised cargo
- Draught surveys
- On/off-hire bunker surveys
- Condition surveys
- Tallying of bags, cartons and bales etc.
- Stock management assessment (SMA) and continuous monitoring.

With expert teams and advanced methods, we ensure global compliance, reduce risks, and uphold excellence, making Virtue a trusted partner in agricultural exports and imports.

From source to destination, we safeguard quality, integrity, and compliance at every stage of your supply chain.

Comprehensive Agricultural Commodity Testing

In global agricultural trade, preserving quality and integrity is vital for food safety, client trust, and compliance. Independent testing verifies key parameters against contracts and standards. Virtue provides specialized expertise through a comprehensive testing portfolio, meeting stringent international requirements via our in-house and accredited partner laboratories across the country.

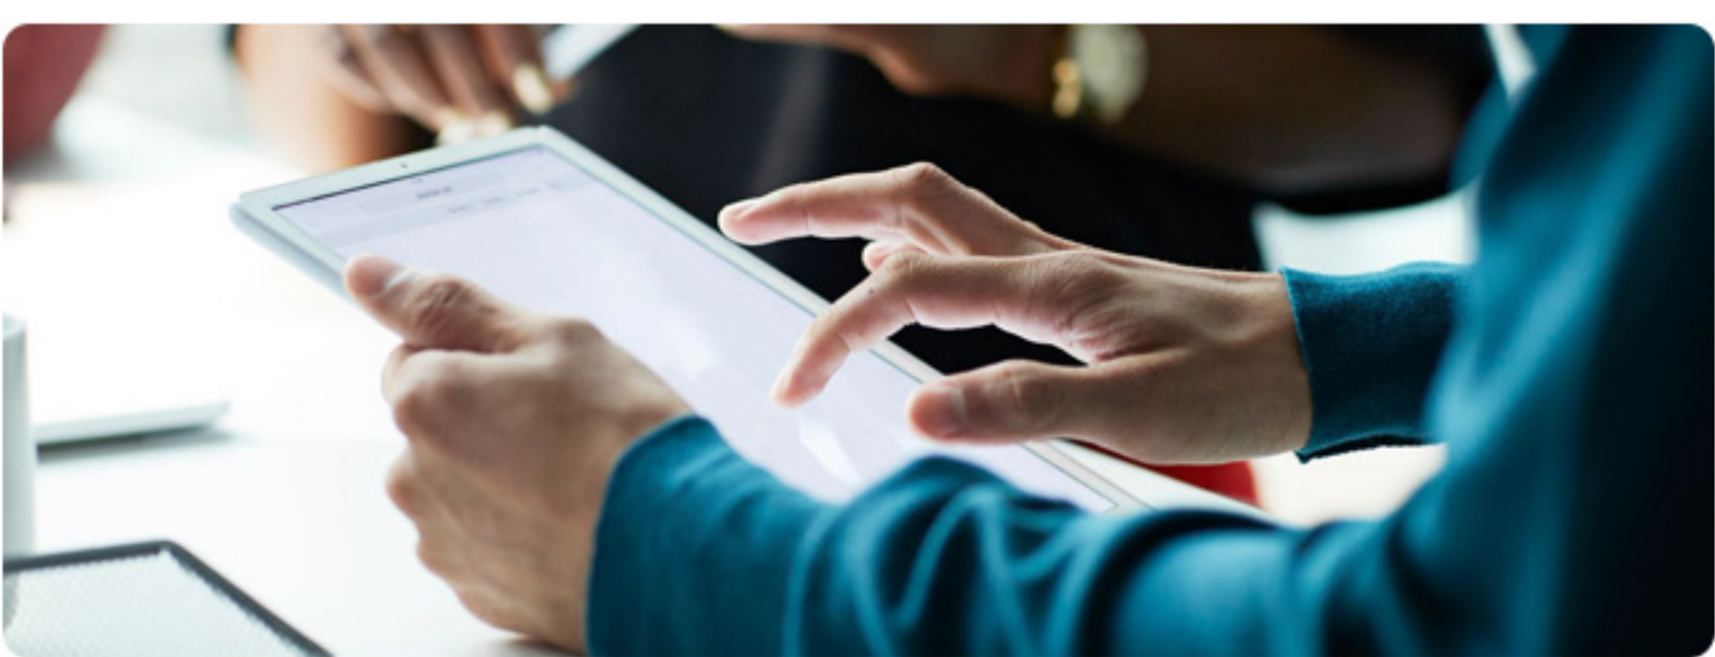

Our advanced capabilities include:

- ▶ Spot Analysis of Moisture and Physical refractions
- ▶ Genetically Modified Organism (GMO Testing)
- ▶ Mycotoxins and Aflatoxin Analysis
- ▶ Pesticide Residue Testing
- ▶ Cutting Test of RCN (Raw Cashew Nuts)
- ▶ Heavy metals testing
- ▶ Physicochemical properties in edible oils
- ▶ Raw and refined sugar analyses
- ▶ DOC/DOB complete analysis

Strategic Laboratory Network

Partnering with accredited labs across India, we deliver nationwide coverage, expertise, consistent quality, fast turnaround, and local access for diverse testing needs.

Regulatory and Compliance Excellence

We ensure results meet global standards and regulations, protecting client interests and enabling smooth international trade.

Quality Assurance Framework

Providing a structured approach that integrates quality into every stage of the developments in TIC services. By proactively identifying and mitigating risks, reduces costs associated with rework, and protects brand reputation.

Recognition and Accreditation

Our accreditation framework establishes Virtue as a technically competent and internationally recognized inspection service provider, capable of delivering services that meet the most stringent quality and compliance requirements in today's global marketplace. This comprehensive approach to compliance provides our clients with the assurance that their operations align with global best practices and regulatory mandates.

Virtue operates under the highest international quality standards, certified with ISO 9001:2015 by DNV (Det Norske Veritas), United Kingdom. This prestigious certification demonstrates our unwavering commitment to quality management systems, continuous improvement, and client satisfaction across all operational processes.

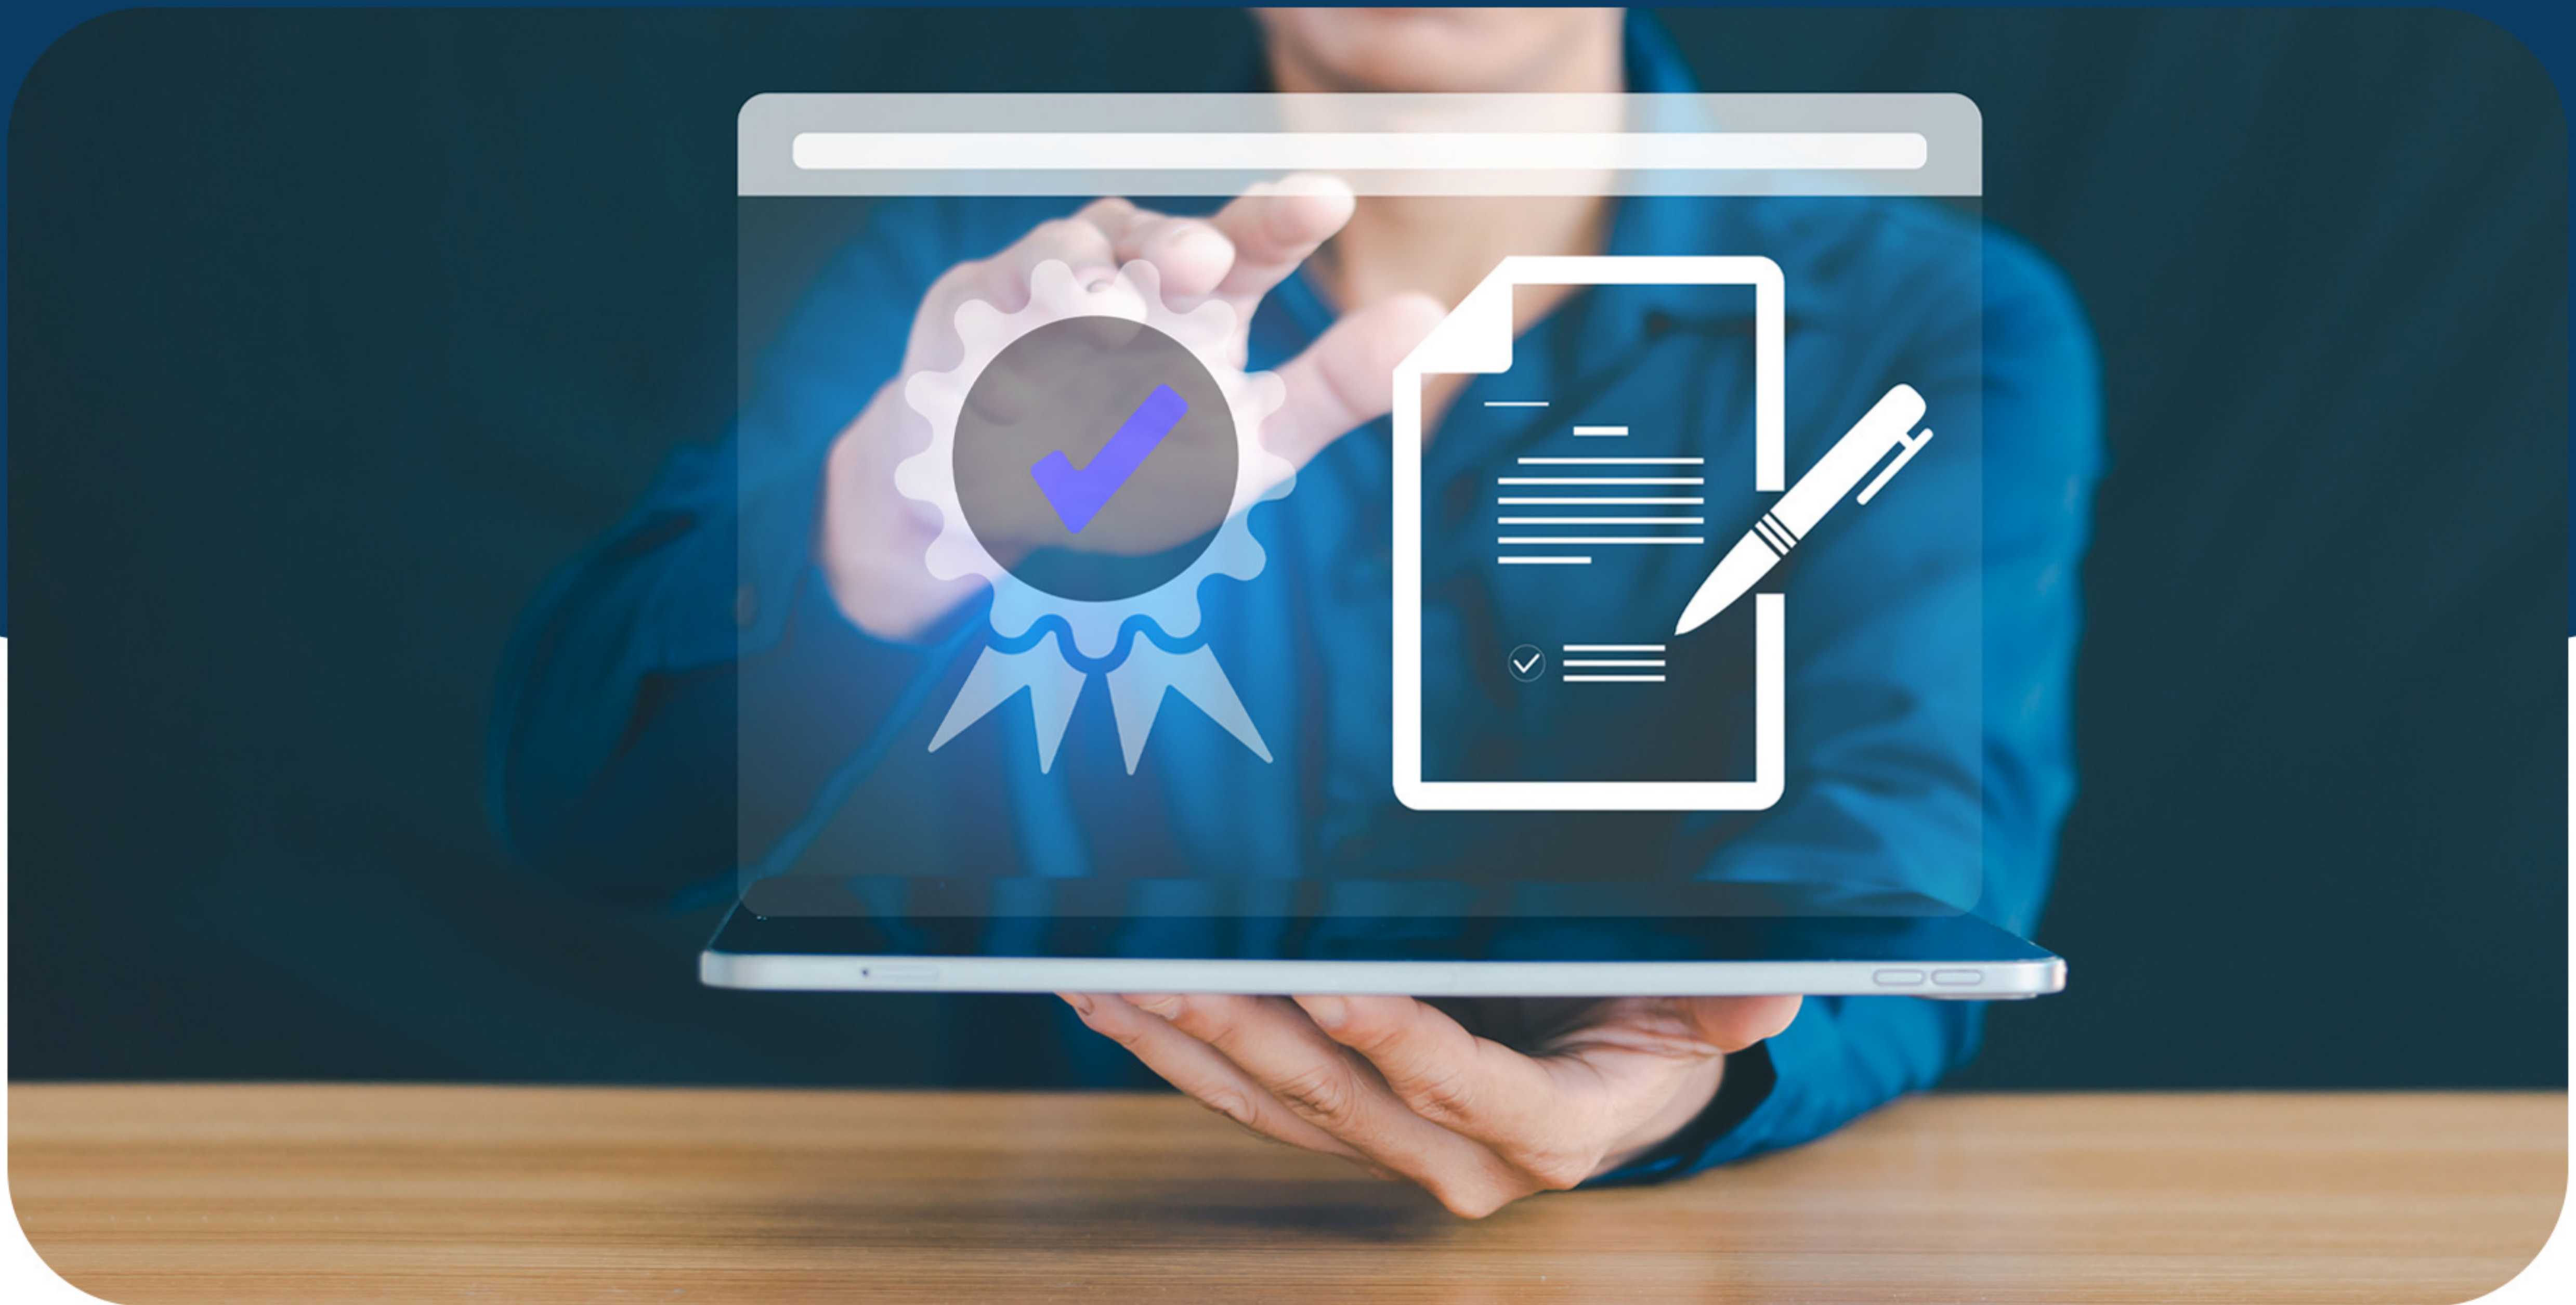

Our technical expertise and integrity have earned us GAFTA (UK) Approved Superintendent accreditation, placing Virtue among the elite inspection providers authorized to deliver services that meet global commodity trading standards.

As an associate member of The Soybean Processors Association of India (SOPA), we are committed to promoting best practices and sustainable growth. We look forward to working with SOPA to advance the industry and build a stronger, more trustworthy ecosystem for everyone in the soybean value chain.

Digital Transformation Initiative(e-Certification):

Virtue is pleased to announce the implementation of electronic certificate issuance across all domestic and international trade processes and practices. This strategic initiative leverages a secure web-based platform to digitize trade documentation, replacing traditional paper-based certificates with trusted digital formats. By streamlining workflows, enhancing efficiency, and saving valuable time, this advancement marks a significant step in facilitating seamless, transparent, and reliable global commerce.

By adopting **E-Dox electronic certification systems**, Virtue enhances operational efficiency, reduces processing time, and ensures secure, real-time collaboration with global trading partners while maintaining full compliance with international trade regulations.

Key Insights and Benefits:

- ▶ Certified to ISO/IEC 27001 : 2022
- ▶ Compliance with eUCP 600 guidelines
- ▶ Global Accessibility
- ▶ Easy and Instant authentication
- ▶ Resource Conservation
- ▶ Faster Processing & Turnaround
- ▶ Improved Security & reliability
- ▶ Enhanced Transparency & Traceability

Service Excellence You Can Count On

*Precision in Every Step,
Satisfaction in Every Service.*

Commitment to Service Standards

Virtue delivers efficient, precise inspection services with zero grievances, ensuring the highest professional standards.

Proactive Risk Mitigation

Embeds proactive risk mitigation into every level of operation by identifying potential challenges in advance, implementing preventive measures, and continuously monitoring performance. This approach not only safeguards business continuity but also enhances resilience, compliance, and stakeholder confidence.

Strategic Geographic Coverage

With strong presence on the east coast, central India, west coast, and inland regions, we ensure rapid, consistent service anywhere.

Professional Excellence

Our skilled, recognized professionals provide reliable, top-quality services for the most demanding requirements.

CUSTOMIZATION

Tailored Inspection and Testing Solutions

Customized to Your Requirements:

Client-Centric Service Approach:

Bespoke service packages drawn from our full capabilities, covering agricultural inspection, testing, and supply chain monitoring.

Customized Service Configurations

Bespoke service packages for agricultural inspection, testing, and supply chain monitoring.

Industry-Specific Expertise

Specialized protocols for commodities like rice, paddy, maize, wheat, pulses, DOC (de-oiled cake) DOB, (de-oiled bran), RCN (Raw Cashew Nuts), edible oils and sugar to meet quality and compliance standards.

Scalable Solutions Architecture

From single inspections to full supply chain programs, adaptable to your volume and complexity.

Strategic Approach

Collaborative planning to anticipate needs and deliver proactive, evolving solutions.

Operational Excellence and Client Satisfaction:

Logistics and Storage Facilities

Serving warehousing companies, port facilities, and logistics providers involved in the storage, handling, and transportation of agricultural commodities, ensuring quality maintenance throughout the supply chain. Our optimized processes for receiving, sorting, and dispatching quantities ensure rapid turnaround times and improved delivery performance.

Responsive Service Delivery

Our commitment to customization extends to our responsiveness and accessibility. We provide dedicated points of contact, flexible scheduling, and rapid turnaround times tailored to your operational deadlines and emergency requirements, ensuring that our services enhance rather than constrain your business operations.

Customer Satisfaction Excellence

At VIRTUE, customer satisfaction isn't just a goal—it's the foundation of everything we do. We believe that exceptional service, unwavering quality, and genuine partnerships create lasting value for our clients worldwide. We don't just meet requirements; we anticipate needs, exceed expectations, and deliver solutions that drive your business forward. Every interaction is an opportunity to demonstrate our commitment to your success.

Ready for the World

With a robust network, advanced inspection technology, and a skilled team, Virtue is equipped to serve clients across industries and geographies. Our adaptable approach ensures we meet diverse regulatory requirements and deliver consistent quality, wherever your operations take you. Accurate and transparent inspections help industries maintain safety, quality, and compliance. We minimize risks while ensuring products and processes meet global standards. Our inspections protect both people and the planet through responsible practices. By delivering precise results, we empower businesses to operate with confidence. Every inspection we perform contributes to a safer, more sustainable world.

Our facility is dedicated to safeguarding the integrity of agricultural products, edible oils, and sugar by ensuring they consistently meet the highest standards of quality, safety, and regulatory compliance. With a focus on both national and international requirements, we provide comprehensive inspection, testing, and certification services that empower businesses to operate with confidence in competitive global markets. By applying advanced methodologies and strict quality protocols, we deliver reliable, accurate, and transparent results that reflect our commitment to excellence.

As your trusted TIC partner in global trade, we provide precise verification services. Our quality-assured findings confirm that your product meets rigorous industry standards, empowering businesses to navigate trade barriers, prevent rejections, and build credibility throughout the supply chains. We're committed to ensuring product safety and compliance while fostering the trust, reliability, and lasting partnerships that drive sustainable growth in international trade.

Virtue's global expansion is expected to unfold soon.

*Independence That
Inspires Trust*

Independent Excellence - Our Competitive Advantage:

Uncompromising Independence

Virtue operates as a truly independent organization, free from external influences. Every inspection, test, and certification we deliver is guided solely by technical merit and regulatory compliance, ensuring that quality, safety, and integrity remain our top priorities.

Objective & Impartial Assessment

Our independence empowers us to provide unbiased, scientifically sound evaluations. Clients can rely on our assessments to accurately reflect the true condition and compliance status of their products, materials, and operations.

Trusted Third-Party Validation

As a credible and independent third-party validator, Virtue provides the assurance that regulators, partners, and stakeholders demand. Our reputation for reliability, technical excellence, and uncompromising quality has earned the trust of leading organizations across diverse industries.

Why Choose Virtue

Electing Virtue as your strategic inspection and testing partner, enriches your product by instilling unwavering confidence and verifiable quality. Our unbiased expertise and rigorous testing processes ensure your product not only meets but exceeds regulatory standards and market expectations. Our comprehensive approach to service excellence, combined with our commitment to client satisfaction, positions us as the definitive choice for organizations.

Our optimized workflows guarantee a swift response to all requests, enabling the timely scheduling of inspections and the prompt issuance of clear, concise reports. We achieve unparalleled efficiency and transparency by adopting real-time reporting followed by e-Certification, significantly cutting turnaround times while giving you immediate access to critical data.

Whether your need is an commodity inspection, intricate laboratory testing, or comprehensive, end-to-end supply chain monitoring, our solutions are precisely configured to meet your exact specifications and integrate seamlessly with your existing operational requirements.

Independent. Accurate. Reliable.
Your assurance of quality, every time.
